Features KDL-55HX820

Full HD picture with crisp detail - Enjoy 2D and 3D pictures in high definition with Full HD 1080 technology

Superior 3D picture - Enjoy lifelike 3D action in Full HD quality. 3D from Sony delivers the clearest, brightest 3D pictures from a wide viewing angle

Dynamic Edge LED for enhanced picture contrast - Enjoy a high quality picture with strong, detailed black levels thanks to local dimming LED backlight technology

Give the room unique style with Monolithic Design - Add a sense of space with an elegant, flush screen surface which enhances viewing and looks stunning even when the picture is off

Cinematic picture quality with OptiContrast Panel - Enjoy high contrast and detailed black tones with minimized glare from ambient light in the room

Smooth action scenes with Motionflow XR 400 - Follow the action at the equivalent of 400 frames a second and catch every detail as it happens

Enhanced image quality with boost for Internet TV - True-to-life detail and colour with X-Reality PRO, a dual chip image processor which even boosts lower resolution Internet images

Enjoy the best of the web on the big screen - Connect your TV to the web and stream full-screen Internet videos or keep up-to-date on social networks (firmware upgrade needed)

Ready for video and voice calls with Skype™ - Add a voice control camera and microphone and make free Skype™ calls to friends and family from the comfort of your sofa

Browse the Internet on your TV screen - Visit your favourite websites and search the Internet using a simple web browser (display of embedded video not supported)

Built-in Wi-Fi® to easily connect to the Internet - Stream entertainment from your wireless home network and the Internet without the clutter of cables

Control your TV using free mobile phone apps - Use a smartphone as a TV remote control or second display screen for online video with Media Remote (firmware upgrade needed)

Find details about a TV soundtrack - Like a song on the TV programme you're watching? Press TRACK ID on the remote control and automatically get the full song details

Connect directly to other Wi-Fi® devices - With a firmware update your TV can connect directly to other Wi-Fi® Direct devices without cables, routers or complicated settings

Share entertainment from around the home with DLNA - Stream movies, music and photos to your TV from DLNA compatible devices, such as a laptop, mobile phone or music player

Record TV shows to an external hard drive - Save the TV programmes you watch to a Hard Disk Drive via USB and watch them back when it suits you (may require firmware upgrade)

Let Intelligent Presence Sensor do the thinking - Let the TV warn the kids if they sit too close, save energy when you stop watching and optimize pictures to your viewing position

Optimize picture quality to suit ambient light - Let the TV automatically optimize image quality by detecting room brightness and colour temperature using the Ambient Sensor

3D sound with a 5 channel audio effect - Get a digital 3D surround sound effect from your TV speakers with S-Force 3D Front Surround

Switch to digital TV without a set-top box - Access digital and analogue TV channels with a built-in digital terrestrial TV tuner (DVB-T)

Get benefits and exclusive offers with My Sony - Register your BRAVIA® TV and become a My Sony member for exclusive access to tutorials, special offers and more

Please be aware that the features/specifications can differ from country to country.
